In-School Student Songwriting Workshop

Schedule Us Today! You probably already know Arkansas Arts Council members, Brian and Terri Kinder perform rollicking good-time concerts for kids, but did you know they also conduct songwriting workshops for students? By the way, did we mention that the **Arkansas Art's Council will provide 40% -50% of the Kinder's already reasonable fee.**

FIRST: Brian & Terri Kinder delight and engage children with a 45 minute rollicking **interactive** concert of original songs.

"Best school assembly ever,
and I've taught 100 years."
Elementary School Principal

SECOND: A song is created as Brian conducts a workshop guiding students through the songwriting process. During the class students contribute their ideas of theme, phrasing, rhyming words, form and style.

"It was like magic seeing the excitement in student's eyes as the song came together!"
-Terrie Martindale, Music Educator, Bergman Elementary

**THEY
ROCK!**

THIRD: A Professional Recording of the song, along with a performance track are made and sent back to the school.

Check out real songs made by students on our website
